22. To see if the Town will vote to abandon those Class VI Roads which were voted "Closed - Subject to Gates and Bars" at the Town Meeting held on March 8th, 1966.

23. To see if the Town will vote to adopt the following resolutions as required, to participate in the National Flood Insurance Program:

WHEREAS, certain areas of Brentwood are subject to periodic flooding from streams and rivers, causing serious damages to properties within these areas; and

WHEREAS, relief is available in the form of Federally subsidized flood insurance as authorized by the National Flood Insurance Act of 1968; and

WHEREAS, it is the intent of this Town Meeting to require the recognition and evaluation of flood and/or mudslide hazards in all official actions relating to land use in the flood plain areas having special flood (and/or mudslide) hazards; and

WHEREAS, this body has the legal authority to adopt land use and control measures to reduce future flood losses pursuant to N.H. RSA Chapter 31, 36, 156, 156A,

NOW, THEREFORE, BE IT RESOLVED, that this Town Meeting hereby:

1. Assures the Federal Insurance Administration that it intends to enact and maintain in force for those areas having defined flood hazards, adequate land use and control measures with effective enforcement provisions consistent with the Criteria set forth in Section 1910 of the National Flood Insurance Program Regulations; and

2. Vests The Planning Board with the responsibility, authority, and means to:

(a) Delineate or assist the Administrator, at his request, in delineating the limits of the areas having special flood hazards on available local maps of sufficient scale to identify the location of building sites.

(b) Provide such information as the Administrator may request concerning present uses and occupancy of the flood plain.

(c) Cooperate with Federal, State, and local agencies and private firms which undertake to study, survey, map, and identify flood plain or mudslide areas, and cooperate with neighboring communities with respect to management of adjoining flood plain in order to prevent aggravation of existing hazards.

(d) Submit on the anniversary date of the community's initial eligibility an annual report to the Administrator on the progress made during the past year within the community in the development and implementation of flood plain management measures.

3. Appoints the Building Inspector to maintain for public inspection and to furnish upon request a record of elevations (in relation to mean sea level) of the lowest floor (including basement) of all new or substantially improved structures located in the special flood hazard areas. If the lowest floor is below grade on one or more sides, the elevation of the floor immediately above must also be recorded.

4. Intends to take such other official action within its powers as may be resonably necessary to carry out the objectives of the program.

24. To see if the Town will vote to adopt the following resolutions as required to participate in the National Flood Insurance Program:

WHEREAS, the Town of Brentwood has adopted and is enforcing Zoning and Land Use Ordinances, Building Ordinances and Land Subdivision Control Regulations, and

WHEREAS, the Building Ordinance, Article I, Section I of the aforesaid prohibits any person, firm or corporation from erecting, constructing enlarging, altering, repairing, improving, moving or demolishing any building or structure without first obtaining a separate building permit for each building or structure from the Building Inspector, and

WHEREAS, the Building Inspector must examine all plans and specifications for the proposed construction when application is made to him for a building permit.

NOW, THEREFORE, BE IT ENACTED by the Town Meeting of the Town of Brentwood, as follows:

1. The Town Meeting recommends that the Planning Board amend their regulations pertaining to the flood hazard area to assure that (i) all proposals are consistent with the need to minimize flood damage, (ii) all public utilities and facilities, such as sewer, gas, electrical, and water systems are located, elevated, and constructed to minimize or eliminate flood damage, and (iii) adequate drainage is provided so as to reduce exposure to flood hazards; and

2. The Town Meeting recommends that the Planning Board amend their regulations pertaining to the flood hazard area to require new or replacement water supply systems and/or sanitary sewage systems to be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters, and require on-site waste disposal systems to be located so as to avoid impairment of them or contamination from them during flooding, pursuant to N.H. RSA 36:21.

25. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 10th day of February, in the year of our Lord Nineteen hundred and seventy five.

REPORT OF THE CHIEF OF POLICE

HONORABLE BOARD OF SELECTMEN
AND CITIZENS OF BRENTWOOD

It is my pleasure to submit my report for the year 1974. It is with deep regret we mention the death of our fellow officer James Norton. It was a great loss to our community and to the department.

The department now has two portable transceivers. These units were obtained through matching funds with the Governor's Commission on Crime and Delinquency.

The actual number of automobile accidents were reduced by three from last year. Fortunately we did not have a fatality on our highways.

I would like to take this opportunity to thank the Citizens of Brentwood, the Selectmen and the Officers of the Department for their cooperation in the past year.

A total of 233 calls with over 1000 man hours were made this year. A breakdown of the calls is as follows:

Motor Vehicle	22	Missing Persons	7
Domestic Complaints	6	Junk Vehicles	10
Animal Complaints	7	Unattended Deaths	2
Breaking & Entering	16	Prowler	6
Stolen Vehicle	5	Assist other PDs	3
Fire	5	False Alarms	7
Juvenile	9	Dog complaints	32
Vandalism	4	Miscellaneous	72

Respectfully submitted,

GILBERT L. TUCK,
Chief of Police

Brentwood, N.H.

REPORT OF THE FIRE DEPARTMENT

TO THE BOARD OF SELECTMEN AND
THE CITIZENS OF BRENTWOOD

The report for the year 1974, accounting for the activities of the Fire Department.

Type of Fire	Number of Fires
Building & Plant Fires	7
Grass & Brush Fires	6
Car accident and Fires	6
Chimney Fires	2
Smoke or Gas in Building	1
Miscellaneous Calls	4
False Alarms	6
Mutual Aid to Other Towns	11
Total Calls for the Year	43
Mutual Aid Calls for Brentwood	8

Thanks to the Ladies on the Red Phone who answered over 432 calls this year. And to the men who donated time and material for the repair of the trucks. There was about 71 hours time and materials which were equal to the sum of $728.89 at currant rates. The men also earned some $730.00 for the purchase of new equipment.

The fire loss of property and buildings in the Town for this year was about $320,000.00

A reminder that a permit is required, from the Fire Chief, to install an oil burner.

TO REPORT A FIRE - DIAL - 642-5452

1. Give the LOCATION of the Fire
2. Give your name
3. Be SURE that you were understood

SUPPORT YOUR FIRE FIGHTERS THE

Respectfully submitted,

JAMES FRALIC, Chief
MARTIN LINDON, Deputy Chief
SIDNEY PARSHLEY, Deputy Chief

ROAD AGENT'S REPORT

TO THE BOARD OF SELECTMEN AND
THE CITIZENS OF BRENTWOOD

It is again my pleasure to submit this report from March, 1974. Town Road Aid monies were used on Prescott Road for Approximately 1,700' with approximately the same matching funds from the Summer Maintenance budget.

Highway Subsidy Funds were used on the Mill Road Bridge Project. Total cost for the Project was $31,222.19. A breakdown of this is $22,500.00, Warrant Article and $8,722.19 from Summer Maintenance Budget.

Oil treatment was applied to Prescott Road, approximately 1,800', a section of Old Gordon Road and a section of South Road from the bridge to Hett's driveway.

A full report on the construction of the Mill Road Bridge and of the proposed construction of the Haigh Road Bridge will be available at the Annual Town Meeting.

It has been my pleasure working for you and I am looking forward to serving you again.

Respectfully submitted,

RAYMOND J. EVANS, SR.

Town Road Agent.

BUILDING INSPECTOR'S REPORT 1974

Building Inspector

TOWN HEALTH OFFICER'S REPORT 1974

During the year 1974 the Health Officer was called upon by the Brentwood Town Selectmen to participate in 6 local situations requiring on-site inspection, written reports to the Town Selectmen, reports to the individuals involved and, on 2 occasions, legal consultation. Most Town problems involving the Health Officer have centered around problems relating to proper sewage drainage and treatment. As the Town enlarges, attention to these problems is becoming a more important task. The Town's people involved as well as the Board of Selectmen have been most helpful in resolving problems co-operatively.

Resepctfully submitted,

GEORGE STORM, M.D.

Health Officer

TO THE SELECTMEN AND CITIZENS OF BRENTWOOD:

Again it is time for our Library report. It has been another gratifying year. A new Friends of the Library group was started in April with Betty Collins as first president. It has been very active and helpful. Books have been mended, cataloged, jackets covered, etc. However, there is still a long way to go. A successful Open House of three days was held during National Library Week, as well as 10 Story Hours and a Christmas Party for the children. New drapes were made and hung and many lovely plants are at the windows.

I sincerely want to thank all who have in any way helped to make this a happy year. Also thanks to Jane Byrne for mowing and my husband, Will, for janitor work.

We have bought reference and hobby-craft books, fiction, non-fiction in adult, youth and childrens ages as well as magazines. We have also received gifts of books and magazines.

Balance, March 1, 1974	$ 87.92	Spent for books	$ 724.20
Rec'd from Town	675.00	Supplies	118.48
Morrill Fund	120.00		
			$ 842.68
Total available	$882.92	Collected Fines	$ 26.02
Minus	842.68	Spent for Books	20.75
Balance Jan. 23, 1975	$ 40.24	Balance	$ 5.37

Respectfully submitted,

FLORENCE E. CORBETT, Librarian

TO THE BOARD OF SELECTMEN AND CITIZENS OF BRENTWOOD:

Our Librarian has given you a very accurate and informative report on the money spent for books and the number of people using the Library. Also the good work that the newly organized Friends of the Library are doing.

We, The Trustees, have complied with the wishes of the Bartlett Family in landscaping the grounds. We have had a good driveway and parking lot made. We have also changed the name to "The Mary E. Bartlett Memorial Library" as requested. We have had a sign lettered and erected in front. We are in the process of having additional book shelves made and installed. Until we have decided on other projects, the remaining Bartlett Fund money is in the bank on interest. We invite everyone to visit the Library.

THE LIBRARY TRUSTEES; Myrtle Yeany, Blanche Libby and Mildred K. Ladd.

CIVIL DEFENSE REPORT FOR 1974

To the Board of Selectmen
and Citizens of Brentwood:

We wish to thank the Town for its continued support of the Brentwood Volunteer Rescue Unit (Ambulance). We have received donations during the year of $135.00 from the people of Brentwood. During the year we sold our old stretcher for $125.00 and with these funds plus added funds from the Civil Defense have purchased more up to date equipment for the Ambulance. If anyone is interested in seeing our well equiped vehicle, please feel free to call on me or on Betty Waitt for a tour.

We have 21 licensed ambulance attendants fully qualified under the New Hampshire laws. The Ambulance made 41 trips to Exeter Hospital and 3 non-emergency runs from the hospital to homes or nursing homes during 1974. The telephone number for the Ambulance is 642-5452.

Respectfully submitted,

NORMAN J. BYRNE

Civil Defense Director

SCHOOL DISTRICT MEETING
March 2, 1974

The Brentwood School District Meeting was opened on March 2, 1974 at 7:35 p.m. by the moderator, Harold Sherman, who then read the warrant. The following business was conducted:

Article 1. A motion was made by David Lyford and duly seconded that the salaries of the School Board, the Truant Officer, and other officers or agents of the district be accepted as printed in the budget. The motion was passed.

Article 2. A motion was made by Donald Pailes and duly seconded that all reports be accepted as written in the Annual Report of the Brentwood School District. The motion was passed.

Article 3. A motion was made by Donald Pailes and duly seconded that the School District vote pursuant to RSA 31:105 to provide indemnification for district employees, school administrators, school board members, district officers or agents from personal loss or expense including reasonable legal fees and costs, if any, arising out of any claim, demand, suit or judgment by reason of negligence or other act resulting in accidental injury to a person or accidental damage to property providing the indemnified person was at the time of the accident acting within the scope of his employment or office. The motion was passed.

Article 4. A motion was made by William Pinkham, Jr. and duly seconded that the School District vote to approve a shared transitional class with East Kingston and Kensington at a total cost of $11,160. and to raise and appropriate the sum of three thousand seven hundred and fifteen dollars ($3,715.00) as Brentwood's share of this class. The motion was defeated.

Article 5. A motion was made by David Lyford and duly seconded that the School District vote to authorize the employment of an Assistant Teacher Consultant for Supervisory Union 16, as provided in RAS 186:11, XXII and XXIII, effective July 1, 1974, and to raise and appropriate the sum of one thousand three hundred fifty-seven dollars ($1,357.00) as Brentwood's share of the salary, travel, retirement, F.I.C.A., and Blue-Cross - Blue-Shield. The motion was defeated.

A motion was made by Jane Byrne and duly seconded that a brief recess be taken. The motion was defeated.

Article 6. A motion was made by Gilbert Tuck and duly seconded that the School District vote to raise and appropriate the sum of $367,016.08 for the support of schools, for the payment of salaries of school district officers and agents, and for the payment of the statutory obligations of the district, which sum includes all special articles previously voted by the district, and less the amount raised by Federal or State Aid. An amendment was made by Ilgonis Abers and duly seconded that the figure of $367,016.08 be revised to read $369,516.08. The amendment was voted on and passed. An amendment was then made by Phyllis Pomerleau and duly seconded that the figure of $369,516.08 be raised by $6,000.00 to read $375,516.08. The

amendment was voted on and defeated. The main motion as amended was then voted on and passed.

Article 7. A motion was made by Donald Pailes and duly seconded that article 7 be tabled. Article 7 was laid on the table by an affirmative vote.

Article 8. A motion to adjourn was made by C. Francis Thorsell, Sr. and duly seconded. The motion was passed and the meeting adjourned at 10:06 p.m.

Report Of The Superintendent of Schools
Frederick B. King

This has been a good year for education in Brentwood. We have seen new staff members and new curriculum plans blend together with our "seasoned" staff to produce a student that is better prepared. This year's test scores bear this out. One might conclude that education improved in spite of cuts made at the last district meeting. I should hasten to add that many improvements have been made but there are still many to be made in the future.

It is a well known fact that the children in the elementary schools will face the solution of problems not now envisioned or even remotely realized. Because we are living in a society which is in constant change, we will need to develop in children the ability to make the necessary adjustments that life in the latter part of the twentieth century will surely demand. This means we cannot let our children down at this time. We must continue to strive as parents, citizens and educators to give them the best possible education with reasonable costs to the town. If we believe the public school is the primary force by which the future of each individual child, and indeed the community, will depend then our efforts and financial commitment is clear. We must support the educational endeavors of the community.

Mr. Edmund Chmielewski has served the community well with his leadership at the Swasey School. His second year has shown he has a firm indication of where the school is going.

Mr. Chielewski has submitted the following annual report which I feel reviews well the work of the school.

"1974 has proven to be a most satisfying year for both the students and staff at Swasey Central Elementary School.

The year began with everyone acclimating himself to new procedures and studies. When school reopened in September all students were familiar with the format and the new tone at school was evident.

In 1974 all students were placed on levels in reading and math. (The level system is a highly personalized approach to learning that lets children learn at their own pace through a series of successful learning experiences.) English, spelling, and writing were incorporated with reading to form a language arts block.

The AAAS Science Program was extended to the fourth grade. It is now taught in grades one through four. The program is sequential and it will be implemented in the remaining grades in the next two years.

Student learning was extended this past year through field trips, guest speakers and films. One highlight of the year was the sixth grade earning its way to spend a week at the Pembrooke Environmental School.

Once again the community displayed strong support for its school: volunteers served as classroom or library aides; audiences were never lacking for school sponsored programs; contributors for classroom or school projects were most generous. The staff and I wish to extend a hearty "Thank you!".

There were five full-time and one half-time staff members new to the Swasey Central School in 1974. We also acquired a learning disability aide through the Federal Manpower Act. The present staff and their respective assignments are as follows:

Mr. Edmund Chmielewski	Principal & Lang Arts Teacher
Mrs. Gaye Vorkink	Grade 1
Mrs. Kathryn Heffernan	Grade 1
Mrs. Ann Pearson	Grade 2
Miss Colleen DuPont	Grade 2
Mrs. Olivia Hartford	Grade 3
Mrs. Gail Stevens	Grade 3
Mr. Bruce Norton	Grade 4
Miss Gail Hoblitzell	Grade 5
Mr. Benjamin Bolt	Grade 5
Mr. Charles Goyette	Grade 6
Mrs. Diana Corey	Grade 6 (afternoon)
Mrs. Lea Winn	Learning Disability Aide
Mrs. Joanne Harrington	Nurse
Mrs. Orris Johnson	Secretary
Mr. Robert Mooers	Custodian/Maintenance Man
Mr. Norwood Sargent	Custodian Assistant
Miss Eleanor Martin	Cafeteria Manager
Mrs. Anita Plouffe	Cafeteria Assistant

The following is the school enrollment figures:
Gr. 1 = 36 Gr. 2 = 33 Gr. 3 = 34 Gr. 4 = 26 Gr. 5 = 43 Gr. 6 = 36
Total enrollment at Swasey Central School is 208."

In conclusion I should like to say I have enjoyed serving the town of Brentwood this year. Your School Board has worked well, we have a number of very interested citizens in the operation of the school, our new staff members have proven out to be good educators, and with everyone's help and support I know we can continue to improve the opportunities for the best possible education for every child in this community.

Report of the Business Administrator

Daniel C. Durgin

Perhaps it can be fairly stated that modern education has never undergone greater financial pressure than is currently the case. Economic realities demand that every facet of our educational operation be subjected to the closest scrutiny as to cost, cost-benefit and possible alternatives. Because measuring educational output is far from a pure science, assessing the end product (the "educated" student) versus the cost of producing that student is most difficult.

Most School Business Officials feel that, in many ways, our schools can and should be operated like a business. I subscribe to this view. However, there is a point where the analogy breaks down since our product is not material in the true sense nor is our main goal profits. Somehow, we must relate our educational goals to the community's ability to support those goals. This is a matter with which school boards and administrators must constantly wrestle. The demands of modern society make new and expanded programs and updated facilities more important than ever while the negative forces in our economy create a perplexing dicotomy.

In addition, the collective demands which society trusts upon the educational system magnify the problem to the extreme. I cite the very valid doctrine of equal education for all and the relatively recent emphasis on greater attention to the slow learner and the handicapped. Many of these societal demands are being translated into legal mandates all too often without broad based funding to support them. The cost, necessarily, has to be borne by the local property owner.

In New Hampshire, the property tax supports 80%-95% of local educational costs compared to a national average of 52%. With a limited base for funds, each successive year of inflation creates additional erosion of the state's ability to adequately fund services such as education. Thus, the property owner is forced to shoulder a greater burden while the property tax, by its very nature, bears no relationship to his ability to meet that obligation.

As a Business Administrator, I realize that one of my prime responsibilities is to see that your tax dollars are spent prudently. With the help and support of our School Boards and staff, we are constantly searching for practical ways to reduce our cost of operation while maintaining our high standard of educational offering.

The advent of the "energy crisis" brought an all out effort on the part of Union #16 to reduce the consumption of energy to the lowest possible level. With the approval of the School Boards, staff members were asked to follow certain guidelines such as reducing lighting in non-instructional areas and turning off the row of lighting nearest the windows in classrooms. Also, thermostats were set at 68° during the day and 55° or 60° at night. As an example of what can be accomplished, fuel consumption was reduced on an average of 25% for the 1973-74

winter season over the previous year. Obviously, we are continuing these conservation measures in an effort to blunt the effect of rapidly escalating energy costs.

Last January, I was successful in negotiating a bulk purchase of our 1974-75 duplicator and mimeograph paper requirements far in advance of our normal procurement time of April or May. This was done in the belief that paper prices were set to undergo another increase in the spring. This arrangement resulted in a savings of approximately 20¢ per ream. Considering Union-wide useage of approximately 4500 reams annually, this translated into a savings of $900.

Our supply and equipment requirements are carefully screened to assure a true need before approval. Except in the case of specialty items, all supply and equipment purchases are either bid or negotiated.

Every districts' insurance program is constantly undergoing close scrutiny to establish adequate coverages in light of inflation, while attempting to keep the premiums at as low a level as possible. Package policies and the sensible use of deductibles are two methods which are in use in an attempt to get the most from our insurance dollar.

All of us are well aware of the continuing rise in food prices. Contrary to the national trend, in school lunch programs, I am pleased to say that as of this writing all three of our lunch programs in Union #16 are growing in participation and all are operating successfully with little or no financial support from school district funds. Exeter's program, which is by far the largest in the Union (approximately 1800 lunches per day), has the lowest per meal charge to students in the state and is totally self-sufficient financially. As one might suspect, all three lunch programs are staffed with extremely dedicated people with enthusiasm and much imagination.

Last year we began a program of instructional workshops for custodians. These workshops are held three times annually and are designed to bring new and more economical methods of building care to the attention of our custodians. They have been well received and very successful and they will become a regular fixture in our maintenance program.

In conclusion, I need not emphasize that difficult and trying times face all of us. With your support, we shall continue to see that your tax dollar is carefully and wisely spent.

Report of the School Nurse

To the Superintendent of Schools and the School Board of Brentwood.

I respectively submit the following report of the School Health Program at Swasey Central School for the school year 1973-74.

Health education, using the Scott Foresman Health Series, has been implemented into the curriculum. All pupils have been introduced to the basics of nutrition through the media of films, posters, pamphlets and discussion; some classes had films and discussion about dental health and the care of the eyes. A film on feminine hygiene was shown to 5th and 6th grade girls followed by discussion groups. Sixth grade boys and girls were shown films on family living and drug education and participated in group discussions.

The dental clinic for children in need of dental care was held in cooperation with Dr. Pawlak's office located in Exeter.

Dr. George Storm, school physician, was in attendance for 4th grade physicals and pre-school registration.

Routine procedures conducted throughout the year include the following: weights and heights; vision and hearing tests with referrals made when needed; necessary emergency care for the sick and injured; and checking that all entering first graders have had a physical and their immunizations updated according to state regulations. A great deal of time has been spent by Dr. Storm, the teachers and me, in providing for the identification, referral and follow-up of those students with possible learning and language disorders.

I wish to thank everyone for their kind assistance and cooperation in our strivings to continue and improve the School Health program.

Respectively submitted
